**TEE WEN XIN      JUNIOR MIDDLE ONE CHENG**

**Topic:** You recently had a meal at an unhygienic place and had food poisoning.  
Write a story about your experience.

Last Saturday, I went shopping with my mother at a shopping centre. We visited lots of shops and bought the things that we wanted. Around 8p.m., we finally went out of the shopping centre with lots of things. When we passed by a coffee shop, I was famished. I went to the shop and decided to order some food as I was as hungry as a wolf.

My mother advised me to change my mind about eating there as the floor of the shop was dirty and the drain beside was full of rubbish with bad smell. However, I did not listen to my mother's advice and ordered a plate of fried noodles. I ate the food hastily without thinking about the hygiene of the coffee shop.

When we went back home, I felt sick and had a stomach ache after a few hours. I could not stop vomiting. My mother knew that I was food poisoned and she immediately took me to the hospital. I was treated for three days in the hospital. I learned a painful lesson and regretted for not listening to my mother's advice. I realised that how important it is to eat at hygienic places. It was indeed an unforgettable lesson for me.

**TAN ROU YEE      JUNIOR MIDDLE ONE CHENG**

**Topic:** You had a frightening meeting with a pack of stray dogs. Write a story about what had happened.

One fine evening, I went to a park which was a stone's throw away from my house, so I went there on foot. I climbed up a tree and sat on a branch, enjoying the scenic and magnificent view up there.

All of a sudden, a pack of stray dogs gathered together under the tree. They were extremely fierce. They were staring at me so I was frightened and at a loss. I cried out in shock.

Having recovered from the shock, I looked around but there was no one around. I had no weapons and the sky was getting dark. I mustered enough courage to chase the dogs away by throwing some sticks at them but the stray dogs were still around.

Fortunately, I saw a passer-by pass by the park. As a reflex action, I shouted as loudly as I could for help. The passer-by immediately picked up a stick and chased the stray dogs away. After that, I scrambled down carefully from the tree.

The passer-by advised me to be more careful next time. I was grateful to the kind-hearted passer-by and gave him a gift as a token of appreciation. I had learnt a lesson from the incident. It was an unforgettable experience for me.

Lessons in life are important and some lessons are not taught in schools.

Sometimes, we will lose in some competitions or fail in exams but these are also meaningful. So, don’t give up easily and we will finally succeed if we are determined. Besides that, we should also not give up when we face difficulties. After many times of facing difficulties, we will get experiences and we will think that the difficulties that we faced before become easy task for us now.

**Topic:** You recently had a meal at an unhygienic place and had food poisoning.  
Write a story about your experience.

Last weekend, I felt very bored. To kill my boredom, I went shopping. I bought many things like toys, books, clothes and others. After a while, I was hungry. Luckily, there were lots of shops which were selling food.

As I was hungry, I quickly chose a coffee shop to have my dinners. I ordered some food. Ten minutes later, my food arrived and I started to eat them. I drank a cup of hot chocolate after having my meal. Then, I paid for the food at the counter and left the coffee shop.

When I left the coffee shop, I saw that there was some rubbish in the drain beside the coffee shop. There was a bad smell. I felt nauseous so I left there as fast as I could. After that, I took a taxi home.

I felt sick after I went back home, but I didn't tell my parents as I didn't want them to worry about me. However, I had a stomach ache at midnight. I vomited and my parents brought me to the hospital nearby my house.

In the hospital, the doctor said that I had a food poisoning. I realised that it was caused by the food at that coffee shop. I was hospitalised for three days. Three days later, I discharged and I would remember this experience forever.
